

MAANYA JAGANNATHAN

(857)-379-3807 | jagannathan.maa@northeastern.edu | www.linkedin.com/in/maanya-jagannathan/ | <https://github.com/Maanya07>
Boston, MA | Availability June - December 2026

EDUCATION

Northeastern University

Boston, MA

Bachelor of Science in Computer Science; Minor in Electrical Engineering

May 2028

- **Relevant Courses:** Object-Oriented Design, Discrete Structures, Theory of Computation, Data Science, Cybersecurity.

COMPUTER SKILLS

Languages: Java, Python, SQL, JavaScript, HTML/CSS.

Frameworks & Libraries: Spring Boot, Flask, React, React Native, Pandas, NumPy, Scikit-Learn.

Tools & Databases: PostgreSQL, OAuth2, REST APIs, JUnit, Git, Power BI, Microsoft Graph API, Pinecone.

PROFESSIONAL EXPERIENCE

Tata Insights and Quants (iQ) | Data Analytics Intern

Bangaluru, India

May 2025 - Aug 2025

- Designed and built a PowerBI dashboard to track seed placement, sales trends, and regional performance across 16 states and 100+ districts, enabling data-driven harvest decisions for FY25-26.
- Engineered an ESG perception chatbot using Ollama that synthesized compliance data from 400+ external sources, automating quarterly reporting workflows.
- Conducted intern benchmark analysis comparing benefits with peer companies; synthesized results into 5 actionable data points presented to the Head of HR for future talent engagement strategies.

Sattva Consulting | Knowledge Institute Intern

Bangaluru, India

May 2024 - June 2024

- Interviewed 15+ incubators, CSR teams, and founders to identify execution challenges, gaining first-hand exposure to client consulting and stakeholder management.
- Co-authored monthly knowledge publications encompassing CSR trends, incubator challenges, and social enterprise practices to inform client strategy.
- Reorganized central project database of 300+ initiatives, improving accessibility and reducing retrieval time by 50%.

Hitachi Philippines | Digital Operations Intern

Manila, Philippines

May 2024

- Automated event coordination workflows for 200+ attendee company events using digital collaboration tools.
- Designed digital recruitment materials and managed applicant tracking systems for hiring across 5+ countries.
- Rotated across multiple departments gaining cross-functional exposure to company operations and collaboration.

PROJECT EXPERIENCE

Jag AI | React, Flask, Python, Microsoft Graph API

Boston, MA

January 2026 - Present

- Built a RAG-based personal AI assistant integrating Microsoft 365 to provide daily email/calendar summaries and natural language document querying using vector search.
- Implemented OAuth2 authentication with the Microsoft Graph API, managing token refresh logic to ensure persistent, secure access to personal data.
- Reduced retrieval latency to under 500ms by implementing asynchronous indexing and embedding caching, allowing for faster semantic search of data.

Personal Finance Tracker | Java, Spring Boot, PostgreSQL, REST APIs

Manila, PH

December 2025 - February 2026

- Developed a Java Spring Boot application exposing RESTful APIs to handle 300+ financial transactions, supporting full CRUD operations with Spring Data JPA.
- Implemented a three-tier pattern (Controller-Service-Repository) to separate domain logic from database interactions.
- Designed a normalized PostgreSQL schema with indexed queries and custom validation logic to ensure ACID compliance and data integrity.

NBA Stat Models: Playmaking Analytics | Python, Pandas, Scikit-Learn

Boston, MA

November 2025 - December 2025

- Developed a high-order Polynomial Regression model to analyze 54 years (1970–2024) of NBA performance metadata, capturing non-linear league-wide efficiency trends with an $R^2 \approx 0.54$.
- Utilized pandas to ingest and normalize raw season-level data, creating custom metrics for assist-to-turnover (AST/TOV) ratios to evaluate generational playmaking shifts.
- Implemented a custom Perceptron classifier to test linear separability, identifying convergence failures at 999 epochs to justify the use of non-linear modeling.

Interests: Piano, Dance, Reading, Badminton
